WATER HEATER & FURNACE REPLACEMENTS

Building Permit Application Submittal Requirements:

1. Completed **Building Permit Application** for the Village of Lake Barrington including a list of all licensed contractors with their contact information. All contractors doing work in the Village of Lake Barrington must be licensed with the Village.
2. Two (2) copies of **Manufacturer's Specifications** of the equipment to be installed.
3. **Contractor's Estimate/Proposal.**
4. For water heater replacement a **Plumber's Letter of Intent** is required, including description of job, and address of job site. Pursuant to IL State Statute 225 ILCS 320/37, "The letter shall be written on the licensed plumber of record's business stationery and shall include the license holder's signature and, if the license holder is incorporated, the license holder's corporate seal. If the license holder is not incorporated, the letter must be notarized."

** Emergency installations may sometimes need to be performed outside of regular business hours. If this is the case, please visit the Village the next business day to obtain a building permit. Once the permit is issued, you can schedule the final inspection.

All construction must comply with the applicable provisions of the current building codes and other ordinances adopted by the Village. The Village of Lake Barrington currently follows the 2009 I.C.C. Code series, 2008 National Electrical Code, the 2018 IL Energy Conservation Code, and the current State of Illinois Plumbing Code. See local amendments to these codes as adopted by the Village, as well as other Village ordinances on our website at www.lakebarrington.org.
